## ABOUT ME

A researcher with experience in working close with university and industry, professional in numerical analysis of physical processes, especially flow in porous media and three years of research in the field of Scientific Machine Learning, and Deep Learning.

## QUALIFICATIONS

Programming  
Reservoir Engineering/Simulation  
Scientific Machine Learning / Deep Learning  
Computational Fluid Dynamics (CFD)  
Numerical/Analytical Simulation  
Flow in Porous Media | Thermodynamics  
Data Analytics  
Cloud/GPU Computing

## SKILLS

ECLIPSE, CMG, MRST (...)  
COMSOL, OpenFoam  
Petrel  
PVTi, PVTsim (...)  
PipeSim (...)

Python, C#, MATLAB  
TensorFlow, PyTorch  
Sciklearn, SciPy, (...)  
PyTorch Geometric  
Git (Version Control)  
Azure ML  
Databases (MySQL)  
GPU Computing  
OOP (Object Oriented Programming)  
PowerBI

WP Web Development  
Adobe Photoshop  
Digital Marketing

## LANGUAGES

**English** Fluent  
**Norwegian** Elementary  
**Persian** Native

## CURRENT ACTIVITY

Application of Physics-Informed Neural Networks in Core-Scale Simulation of Flow in Porous Media

We are focused on the Physics-Informed Neural Networks based analysis (forward and inverse) of flow in porous media at core scale processes, in specific 3D simulation of two-phase flow (CO<sub>2</sub> flooding) in multi-scale fractured cores.

## EXPERIENCES (selected)

EQUINOR ASA, Norway (2022)

Subsurface Geoscience/Reservoir Simulation Engineer (Summer Intern)

ZODAN SOLUTIONS LTD., UK (2019-2020)

Scientific Software Developer

SHIRAZ UNIVERSITY/PETROAZMA OIL COMPANY, Iran (2016-2018)

Reservoir [Simulation] Engineer/Researcher

PETROTIRAZIS OIL COMPANY PTED., Iran (2016)

Scientific Software Developer (Intern)

## EDUCATION

ETH Zürich (Summer 2024)

ETH AI Center – Visiting Researcher

UNIVERSITY OF STAVANGER (2021- Sep. 2024)

Petroleum Technology – Scientific Machine Learning (PhD)

SHIRAZ UNIVERSITY (2014-2016)

Reservoir Engineering (M.Sc.)

PETROLEUM UNIVERSITY OF TECHNOLOGY (2010-2014)

Reservoir Engineering (B.Sc.)

## PUBLICATIONS (selected)

Ongoing: History Matching of Multi-Scale and Multi-Phase Flow in Fractured Porous Media Using Physics-Informed Neural Networks

*SPE Journal* (2024): Application of Physics-Informed Neural Networks for Estimation of Saturation Functions from Counter current Spontaneous Imbibition Tests →

*Neurocomputing* (2024): Physical Activation Functions (PAFs): An Approach for More Efficient Induction of Physics into Physics-Informed Neural Networks (PINNs) →

*Energy and Fuels* (2023): Simulation and Prediction of Spontaneous Imbibition at Early and Late Times Using Physics-Informed Neural Networks →

*Petroleum Science* (2021): On the Impact of Solutal Marangoni Convection during Chemical Flooding for Improved Oil Recovery →

*Journal of Petroleum Sci. and Eng.* (2018): A new numerical approach for investigation of the effects of dynamic capillary pressure in imbibition process →

## EXPERIENCES

### UNIVERSITY OF STAVANGER, Norway (2021-2024)

#### PhD Research Fellow in Petroleum Technology/ Artificial Intelligence

Research on Physics Informed Neural Networks (PINNs) and its application in solving the forward and inverse problems of flow in porous media.

I am planning to embark on a visit to Brown University during the spring 2024, as a participant in a research collaboration involving researchers from the University of Stavanger, Brown University, and Stanford University.

### EQUINOR ASA, Norway (2022)

#### Subsurface Engineer | Reservoir Simulation (intern)

During this two-month internship, I worked on an interesting business/engineering case of related to tying-back of two offshore gas fields while both economical and engineering aspects of the project was needed to be considered. In this project, I could finish the numerical simulation of the investigating case and finally provide statistical business/engineer insights to the management team.

### ZODAN SOLUTIONS LTD., UK (2018-2021)

#### Scientific Software Developer

Developing commercial software for simulation of thermodynamics of subsurface geofluids including oil, gas, and water

### SHIRAZ UNIVERSITY/PETROAZMA OIL COMPANY (2016-2018)

#### Reservoir Simulation Engineer | Research Assistant

Pore to field scale study of EOR methods in several oil fields. Screening of EOR methods, experiment design and evaluation, upscaling, numerical and analytical simulation, geological analysis, pilot design and proposal preparation. Also, research assistant at academic research projects and advisor of several master students.

### PETROTIRAZIS OIL COMPANY PTED., Iran (2016)

#### Software Developer

Development of software related to petroleum industry. The software was used for providing fast-track development plan in the early stages of field development projects.

## HONORS & AWARDS

**2024** Awarded a prestigious research commercialization fund (Qualification Project) from Research Council of Norway (~0.5 MNOK)

- Pisces-AI: Physics-Informed AI for Subsurface Characterization Experiments

**2024** Awarded as the **Best PhD Candidate** of The Year by **SPE Stavanger**

**2024** Chair in two sessions at EAGE Annual Exhibition and Conference in Oslo

- ML & AI for Geological Characterization I
- ML & AI for Geological Characterization III

**2023** Awarded an innovation research stipend (Funded by: Validé AS, Stavanger, Norway)

- Development of a new generation of solvers for the interpretation of core-scale experiments

**2019** Ranked 3rd in Second Iranian Petro Match (IPM)

- Hackathon: optimization of well-placing in a highly heterogeneous oil field

**2018-Present** Journal and Conference Reviewer

- |  |   |
|--|---|
| - Journal of Petroleum Science and Engineering   | - Journal of Geophysics and Engineering |
| - Journal of Computational Geosciences           | - Journal of Molecular Liquids          |
| - Journal of Neurocomputing                      | - Journal of Petrophysics               |
| - Journal of Natural Gas Science and Engineering | - EAGE Conferences                      |
| - ACS Omega                                      |   |

**2019** 3 Years Distinguished Researcher of EOR Research Centre at Shiraz University

**2017** Distinguished Researcher of EOR Research Centre at Shiraz University

**2017** Winner of Military Service Exemption Award of Iran's National Elites Foundation

**2010-2014** Ranked among the 1st 0.5% of participants in the National Entrance Exam for the Universities of Iran
